

Strategic Plan

Vision

Alaska Native people are the healthiest people in the world

Mission

Providing the highest quality health services in partnership with our people and the Alaska Tribal Health System

Values

Achieving excellence
Native self-determination
Treat with respect and integrity
Health and wellness
Compassion

Quality

OBJECTIVE

Be the service provider of choice

GOALS

- Improve the customer experience
- Deliver exceptional quality

People, Places, Programs

OBJECTIVE

Be the employer of choice

GOALS

- Increase and strengthen our Alaska Native workforce
- Provide an exceptional work environment

OBJECTIVE

Build capacity to meet system demand

GOALS

- Develop, operate and maintain facilities according to the medical services and master campus plans
- Develop and support data-driven decisions

Coordination & Access

OBJECTIVE

Provide timely access to services

GOALS

- Provide timely access to care
- Provide the right care, at the right time, in the right place

Statewide Systems & Collaboration

OBJECTIVE

Collaborate to find and share solutions and resources for the benefit of our system

GOALS

- Fulfill our commitments
- Partner to develop and align our services

Prevention

OBJECTIVE

Partner to achieve healthy and sustainable Native communities

GOALS

- Monitor and share the health status of our people to increase understanding
- Improve health status by focusing on cancer, tobacco, substance abuse, oral health, safe homes and water

Financial Vitality

OBJECTIVE

Achieve an "A" credit rating

GOALS

- Maximize revenue opportunities
- Ensure the best value for our costs
