

State and Community-Based Strategies to Meet Healthy Alaskan's Objective # 30

Pathways to
Prevention Statewide
Plan

CDVSA Primary
Prevention Program
Grants

Pathways for Prevention Goal Areas/Pathways

An Alaska where violence does not occur and where all Alaskans can thrive.

Pathways Plan: Youth As Leaders

Connect, Educate, Inspire

- Connect, empower, educate and inspire youth and their adult mentors from across the state **at the LeadOn conference.**
- Connect, empower, educate and inspire youth and their adult mentors from across the state **through website, social media and other outreach.**

Leadership & Empowerment

Empower, fund and support youth in taking action in their communities to **build protective factors and address risk factors.**

Social Norms

Pilot a **youth-informed social marketing campaign in Southwestern Alaska**, to be scaled up to a regionally adaptable and statewide campaign.

Youth Voice

Ensure youth perspective and voice is **included in planning of all youth-focused strategies, and in materials development**

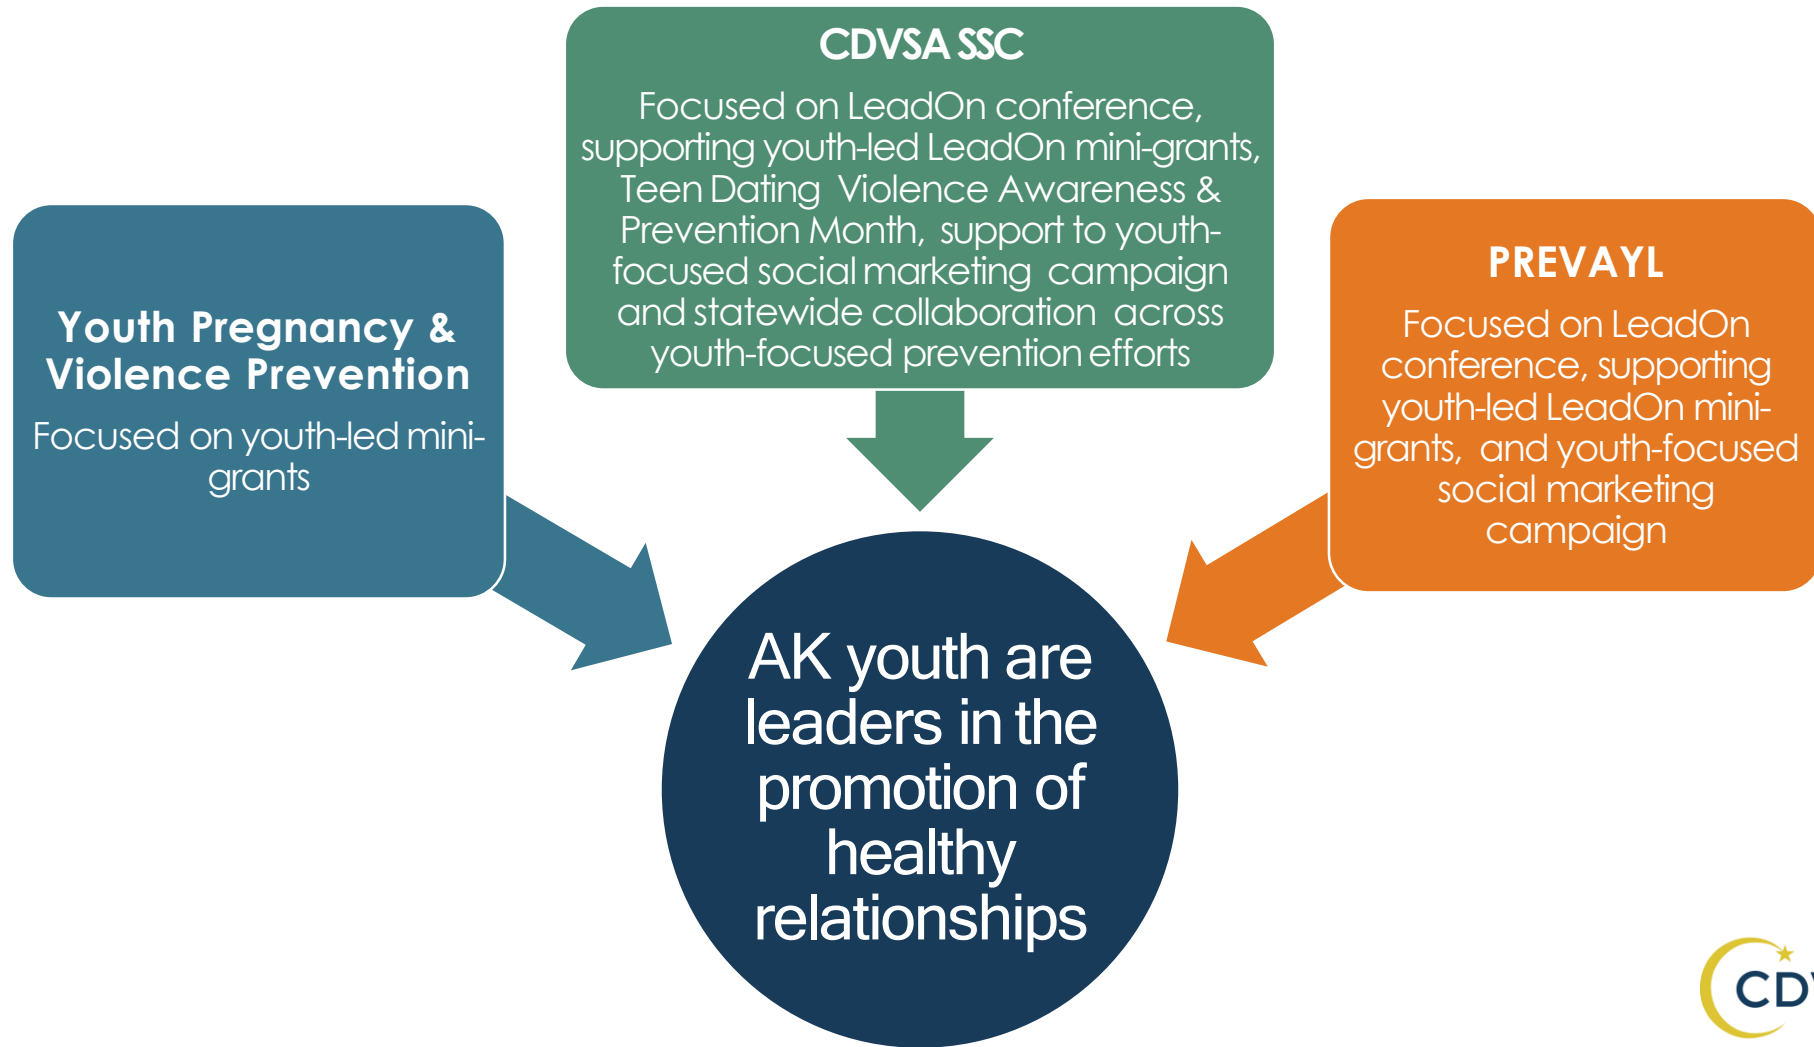

LEADON! for peace and equality

Alaska's Council on
Domestic Violence
& Sexual Assault

Pathways Plan: Youth As Leaders Shared Planning and Funding

CDVSA Primary Prevention Programming

- ❖ Primary Prevention Programming Grant funding 13 communities to **enhance organizational capacity, increase comprehensiveness, increase coalition efforts, and promote equity & inclusion through cultural responsiveness**
- ❖ Focuses on **shared risk & protective factors & increasing comprehensiveness**
 - ❖ Implementing **Youth Engagement** strategies

Youth Engagement-Communities

- Girls on the Run (**Girls on the Run is an after-school program designed to inspire girls of all abilities to recognize and embrace their inner strength. Lessons emphasize the important connection between physical and emotional health.**)
- Boys Run I toowu Klatseen (**envisions boys and men possessing “strength of spirit.” Through our ten-week program - composed of running, discussion, and culturally based activities that honor Southeast Alaska traditional values - participants will gain the skills they need to build healthy relationships and create a community of respect for self and others.**)

Youth Engagement Continued

Where are we at now?

Adopting a shared factor approach to
community health and prevention

Why the Shared Risk and Protective Factor Approach?

Focus & prioritize the most impactful factors in prevention efforts

Address the person holistically, rather than in silos

Coordinate community system partners

Strategize partners and planning

Direct funding efforts
